

The campaign created and visualized by RR's communication agency, Growthjack Agency, is aimed at sensitizing individuals and the collective to take action as one to turn the table on COVID19. The campaign has gained over a million impressions online.

From the experience of serving international corporations, big business houses and corporates, such as The Apollo Spectra, Bose, Titan, CPA Global, YKK, Bausch & Lomb, we asked the man behind the gifting enterprise Shri Mukul Mehta what it means to run a business in the times.

A glimpse of SAIL's increasing role as a responsible corporate citizen :-

- Environment - Energy consumption optimised, water conservation, effluent treatment and waste recycle/reuse intensified. 71 projects have been identified to secure carbon credit through Clean Development Mechanism (CDM), thereby helping to reduce global warming. Greening efforts continue — over twenty million trees planted so far.
- Education - 138 company-run schools with 90% student retention and 1:1 ratio of girls and boys.
- Health - Running 18 hospitals & 6 speciality hospitals in SAIL townships and healthcare programmes in other parts of the country also, efforts have lowered Infant Mortality Rate and Maternal Mortality Rate below national average.

CLIMATE ACTION
SAIL has been involved in climate action since 1994. It has taken several initiatives to combat climate change, including the establishment of a Climate Action Cell, the implementation of energy efficiency measures, and participation in international climate negotiations. SAIL has also committed to reducing its greenhouse gas emissions by 20% by 2030 compared to 2014 levels. The company is also involved in the development of renewable energy projects, such as wind and solar power, and is working towards a sustainable future.
